NITIN SHARMA

9685740503 | ns481322@gmail.com | github.com/Nitin211105 | linkedin.com/in/nitin-sharma-7877992b5

PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering (AI/ML) student with hands-on academic and project experience in Python, machine learning, OCR-based text processing, and anomaly detection. Interested in building practical AI/ML applications through experimentation, data analysis, and iterative development.

EDUCATION

B.Tech, Computer Science and Engineering (Artificial Intelligence & Machine Learning)

Jawaharlal Nehru Government Engineering College, Sundernagar, Himachal Pradesh | Currently pursuing (7th semester).

CGPA: 6.75

TECHNICAL SKILLS

Programming: Python

AI / Machine Learning: Machine learning fundamentals, anomaly detection, semantic similarity, Sentence-BERT

Data & Libraries: NumPy, Pandas

Web & Tools: HTML, CSS, JavaScript, Flask, Streamlit, VS Code, Git, GitHub

Areas of Interest: Artificial Intelligence, Machine Learning, model optimization

PROJECTS

Satellite Health Monitoring and Anomaly Detection | Python, NASA SMAP, Streamlit, Isolation Forest, Local Outlier Factor

- Developing a telemetry-monitoring system using NASA SMAP satellite data to identify unusual patterns in satellite sensor readings.
- Built a Streamlit dashboard to inspect telemetry data, anomaly scores, model predictions, and individual anomaly events.
- Project is under development; source code is available through my GitHub profile.

Semantic Answer Evaluation System | Python, OCR, Sentence-BERT, Flask

- Developed an OCR-based system to extract image-based answers and evaluate semantic similarity against reference content.
- Used text preprocessing and Sentence-BERT embeddings to support semantic comparison of student responses.
- Live demo: semantic-answer-evalaution.vercel.app

INTERNSHIP EXPERIENCE

Project Intern | National Institute of Technology (NIT) Hamirpur

- Worked on an AI-based Semantic Answer Evaluation project under the guidance of Dr. Mohit Kumar.
- Explored OCR-based answer extraction, text preprocessing, and semantic evaluation techniques for educational assessment.

ACHIEVEMENTS

- Secured a silver medal in a district-level powerlifting championship (83 kg category).
